

02 August 2007

Dear Colleague,

It gives me great pleasure to invite you to attend a one day international symposium on advances in Haemostasis & Thrombosis, entitled "***Cross Talk***". The theme is on recognising the important interactions between coagulation and other processes with relevance to emerging clinical and laboratory practice. This will be delivered by many of the best national and international speakers in the relevant areas.

The meeting will be held on Thursday 25th October 2007 in Liverpool. The venue will be the Marriott City Centre hotel which is directly opposite Lime Street train station. It is also easily accessed through motorway links and the John Lennon Airport.

Thanks to generous, unrestricted grants from Novo Nordisk and Bayer to date, there will be no registration fee. However, places are strictly limited to 150 delegates and will be offered on a first come first served basis. To register, please return the booking form enclosed to Vicky Hall at Conference Solutions Ltd. If you should have any questions, please call Vicky on +44(0) 121 776 7788 or email: Vicky.hall@conferencesolutions.uk.com.

I look forward to welcoming you to Liverpool in this 800th anniversary year for our city. Please also pass this on to your trainees and relevant colleagues in this field.

Warmest regards

Professor Cheng Hock Toh
Roald Dahl Haemostasis & Thrombosis Centre
Royal Liverpool University Hospital,
Liverpool, UK

Cross-Talk

...Inflammation & Coagulation...Bleeding & Thrombosis.....Circulation & Endothelium...Microparticles & Signalling..."

25th October 2007, Liverpool

- | | |
|---------------|--|
| 9am-10am: | REGISTRATION |
| 10am-12.15pm | <p>A Historical Perspective on Disorders of Haemostasis & Thrombosis: from Haemophilia to Sepsis – Professor Alan Giles, France.</p> <p>Bleeding Disorders: Future Therapeutic Approaches & Challenges– Professor Edward Tuddenham, London.</p> <p>Thrombotic Disorders: Emerging Understanding in Anti-Phospholipid Syndrome-Professor Mike Greaves, Aberdeen</p> <p>Between Bleeding & Thrombosis: Disseminated Intravascular Coagulation – Professor Cheng Hock Toh, Liverpool.</p> |
| 12:15-1.30 pm | LUNCH |
| | <p>Sepsis & Organ Failure: A Critical Care Perspective – Professor Gregor Theilmeier, Hannover, Germany.</p> <p>Malaria & the Endothelium - Professor Alister Craig, Liverpool.</p> <p>Cancer-related Coagulopathy: Diagnostic and Management Approaches– Dr Mike Makris, Sheffield.</p> |
| 3.00-3.30 pm | TEA |
| 3.30-4.30 pm | <p>Microparticles in Disseminating Coagulation –Prof Francois Dignat-George, Marseilles, France.</p> <p>Molecular Links between Inflammation and Coagulation – Dr Matthias Riewald, La Jolla, USA</p> |
