Transport links

Location

The course will be conducted in the Roben's Suite, situated on the 29th Floor of Guy's Tower Wing with fantastic views of the London skyline and the River Thames.

Roben's Suite
29th Floor
Tower Wing
Guy's Hospital
St Thomas Street
London SE1 9RT

Please see attached campus map for directions to Guy's Tower. The hospital campus can be reached by local transport links:

By tube

The nearest tube stations to Guy's hospital are:

- London Bridge - Northern and Jubilee lines (5 minutes walk)
- Monument - District and Circle lines (15 minutes walk)

By bus

These buses stop at London Bridge, London Bridge station or near Guy's hospital: 17, 21, 35, 40, 43, 47, 48, 133, 141, 149, 343, 381, 521, 701, RV1, C10. N21, N35, N47, N133, N343 and N381. (Night Buses stop at or near London Bridge.)

Allow 15-20 minutes to get from the bus stop to where you need to be in the hospital.

For further information about buses and tubes, please call Transport for London on 020 7222 1234 (24 hours) or visit Transport for London website (www.tfl.gov.uk).

By train

London Bridge is the nearest railway station. For further information, please call National Rail Enquiries on 08457 484950 or visit National Rail website (www.nationalrail.co.uk).

By car

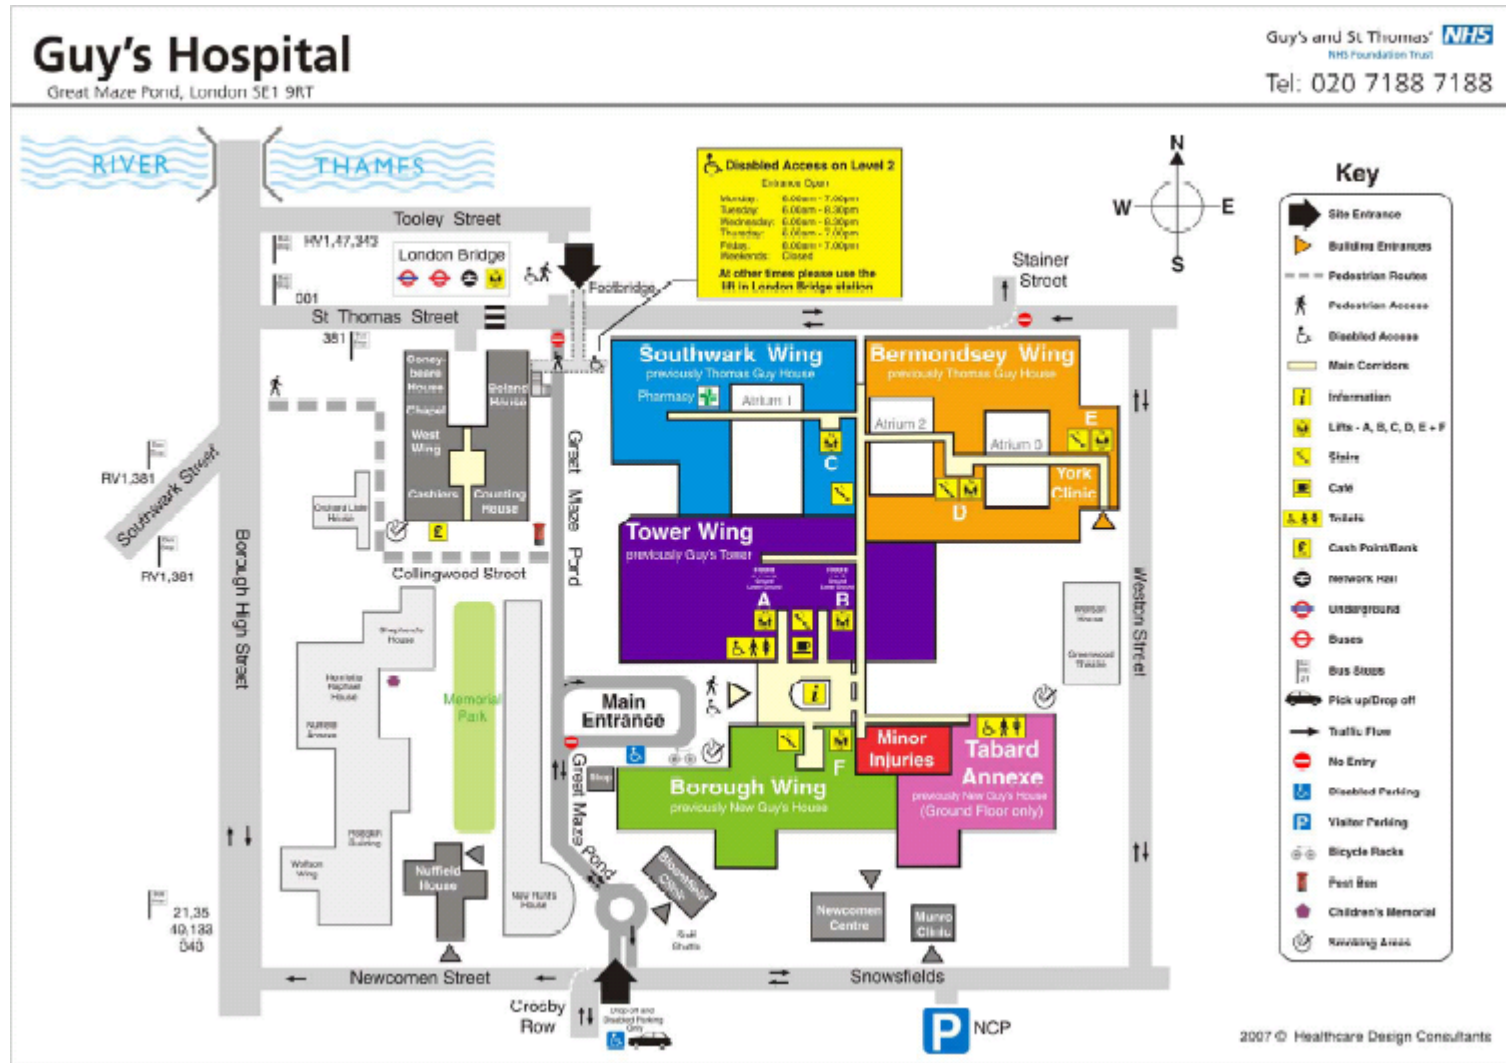

There is no general parking, although there is limited disabled parking, and a drop off facility. There is an NCP car park at the junction of Snowsfield and Kipling Streets, about a 2 minute walk from the hospital. However, this car park is often full. Charges are displayed at the entrance. Guy's Hospital is located in the congestion charging zone of central London.

Please use public transport whenever possible.

Guy's Hospital campus map

Roben's Suite (Guy's Tower)

Enter through the main entrance of Guy's Hospital off Great Maze Pond, follow internal signs to Guy's Tower. Directional Information for the 1 day course will be posted on the ground floor of the hospital. Roben's Suite is located on the 29th Floor of Guy's Tower. Take the lift to the 29th Floor and report to registration.
