

Laboratory Working Party

Membership

Co-chairs

Dr Vincent Jenkins:	Laboratory Lead, Haemostasis and Thrombosis, University of Wales College of Medicine
Dr Will Lester	Consultant Haematologist, Queen Elizabeth Hospital Birmingham

Working Party members and co-opted representatives from NEQAS and NIBSC:

Dr Annette Bowyer	Haemophilia Assays Section Lead, Royal Hallamshire Hospital Sheffield
Clive Burgess	Haematology Laboratory Manager, Great Ormond Street Hospital for Children London
Dr Pratima Chowdary	Consultant Haematologist, Royal Free Hospital London
Dr Elaine Gray	Principal Scientist representing National Institute for Biological Standards and Control
Dr Steve Kitchen	Clinical Scientist representing NEQAS, Royal Hallamshire Hospital Sheffield
Paul Murphy	Health Care Scientist, Royal Victoria Infirmary Newcastle
Sean Platton	Principal Biomedical Scientist, The Royal London Hospital
Ms Anne Riddell	Haemophilia Laboratory Manager, Royal Free Hospital London

First meeting Monday 19th March 2018

Agreed Process and Membership

- Applications from UKHCDO members were invited by e mail and reviewed by UKHCDO exec. Membership to be reviewed on a 3 yearly basis
- Group must compose of clinicians who treat haemophilia and Biomedical and Clinical Scientists who are involved in laboratory testing of patients with Haemophilia
- TTP and thrombophilia would not be covered in this working group - the specific focus is laboratory aspects of bleeding disorders, liaising with other working parties (e.g. inhibitor, VWD and rare bleeding disorders) when relevant
- It was considered appropriate to have a maximum of 10 members
- In addition, there will be a representative from NEQAS and NIBCS
- Minutes are sent to the UKHCDO secretary
- Meeting frequency to be determined by projects. At least once a year face to face

Current work streams

UKHCDO Guideline for laboratory monitoring of factor replacement therapy for patients with Haemophilia A and B (chair EG) - submitted for publication

UKHCDO Guidelines for laboratory measurements in Haemophilia patients with inhibitors (chair VJ) - submitted for publication

Active list of specialist coagulation laboratories and test repertoires (AR)

Remit

Dr Vincent Jenkins & Dr Will Lester
Co-Chairs, Laboratory Working Party
