

Data Analysis Group

Membership

Co-Chair (Chair of Data Management Working Party) Professor Peter Collins

Co-Chair (Director of NHD) Professor Charles Hay

User representatives: Dr Ryan Cheal
Paul Sartain

UKHCDO members: Dr Elizabeth Chalmers
Dr Pratima Chowdary
Dr Dan Hart
Dr Ri Liesner

Haemophilia Nurses and Physiotherapy representatives: Simon Fletcher
David Stephenson

National Haemophilia Database: Bruce Cowen
Lynne Dewhurst
Ben Palmer
Dr Martin Scott (observer)
Dr Hua Xiang

Meetings

The Data Analysis Group (DAG) is a subgroup of the Data Management Working Party. Its role is to assess and prioritise applications to analyse data held by NHD, including Haemtrack and joint score data. Applications are assessed based on data governance considerations, scientific merit and available resources. The group meets once a month by teleconference which last on average 60-90 mins. The DAG has met every month since April 2017. The terms of reference of the DAG are available on the UKHCDO website.

Requests for analyses are submitted on a standardised form. This form is available from NHD.

The DAG reviews and discusses all applications. It provides feedback to the applicant and works with them to refine the proposal, if necessary. The contributions from the user representatives have been particularly useful in assessing the applications.

The data analyses that are generated from the requests are reviewed and commented on by the group and may be further revised, if necessary, before release.

The DAG is developing an investigator-led proposal to Roche/Chugai to analyse data held on the NHD relating to the introduction of Emicizumab.

Requests for data analyses have been submitted by individual members of UKHCDO, UKHCDO working parties, NHS England, NHS Wales and pharmaceutical companies.

All members of UKHCDO and UKHCDO working parties are encouraged to suggest analyses and are invited to collaborate with the DAG on these projects. The DAG is open to new members from UKHCDO and anyone interested should contact Charlie Hay and Peter Collins.

Prof Peter Collins,
Chair UKHCDO Data Management Working Party

Prof Charles RM Hay,
Director NHD
