

# Data Analysis Group

## Membership

Co-Chair (Chair of Data Management Working Party)	Professor Peter Collins
Co-Chair (Director of NHD)	Professor Charles Hay
User representatives:	Dr Ryan Cheal Paul Sartain
UKHCDO members:	Dr Elizabeth Chalmers Prof Pratima Chowdary Dr Dan Hart Dr Ri Liesner Dr Susie Shapiro Dr Kate Talks
Haemophilia Nurses and Physiotherapy representatives:	Simon Fletcher Dr David Stephensen
National Haemophilia Database:	Lynne Dewhurst Ben Palmer Dr Martin Scott Dr Hua Xiang Andrew McNally

## Meetings

The Data Analysis Group (DAG) is a subgroup of the Data Management Working Party. Its role is to assess and prioritise applications to analyse data held by NHD, including Haemtrack and joint score data. Applications are assessed based on data governance considerations, scientific merit and available resources. The group meets once a month by videoconference and meeting last on average 60-90 mins.

Requests for analyses are submitted on a standardised form. This form is available from NHD. The DAG particularly welcomes applications from UKHCDO working parties. All members of UKHCDO and UKHCDO working parties are encouraged to suggest analyses and are invited to collaborate with the DAG on these projects.

The DAG reviews and discusses all applications. It provides feedback to the applicant and works with them to refine the proposal, if necessary. The contributions from the user representatives have been particularly useful in assessing the applications.

The data analyses that are generated from the requests are reviewed and commented on by the group and may be further revised, if necessary, before release. Reports often contain caveats about data limitations that impact on the interpretation of reports.

All reports are made available to UKHCDO members through the UKHCDO website.

The DAG leads an investigator-led proposal to Roche/Chugai to analyse data held on the NHD relating to the introduction of Emicizumab in both the inhibitor and non-inhibitor groups.

Requests for data analyses have been submitted by individual members of UKHCDO, UKHCDO working parties, Haemophilia physiotherapy group, researchers external to UKHCDO, UK Haemophilia Society, NHS England and pharmaceutical companies.

The DAG is open to new members from UKHCDO and anyone interested should contact Charlie Hay and Peter Collins.

Prof Peter Collins,  
Chair UKHCDO Data Management Working Party

Prof Charles RM Hay,  
Director NHD
